- learners who have completed their VET training prior to 1 January 2015 but have not yet been issued with a qualification or statement of attainment in respect of that training.
- learners who have applied for and obtained an individual exemption in writing from the learner Identifiers Registrar because they have a genuine personal objection to being assigned a USI.

# ASSESSMENTS

*Fluid First Aid* undertakes to ensure that all assessments of learners in nationally registered training will be done in accordance with the criteria laid down in the course outline and in the training package.

## ASSESSMENT OUTCOMES

Each assessment task will be assessed as satisfactory (S) or not yet satisfactory (NYS) by your assessor. Satisfactory completion of all tasks will lead to a verdict of competence at the unit level. If you are deemed NYS for any task, your assessor will explain the areas you need to strengthen and you will be given time for revision and practice prior to resitting the assessment task.

If after two attempts you have not completed the task satisfactorily you may be required to undergo more training and then resit the assessment and there will be additional costs for this.

## REASONABLE ADJUSTMENT

*Fluid First Aid* understands that not all learners are able to demonstrate competency in the same way, therefore, it may be necessary to adjust the assessment tasks for individual learners. This is called

Reasonable Adjustment and it is the process of adjusting or changing the assessment to meet the needs of the learner being assessed.

Learners with any of the following could expect reasonable adjustment to occur and should speak to their trainers and assessors regarding any changes they feel they need:

- physical disabilities
- limited language
- limited literacy and numeracy skills
- limited communication skills
- limited learning strategies

The types of adjustments that are made must be within our capacity to provide them and include:

- Oral response to questions rather than written
- Allowing extra time for assessment
- Using a support person
- Enlarging reading material
- Braille translations
- Use of technology such as voice activated software screen reading, voice synthesisers
- Use of ramps, height adjustment desks

Learners who indicate they require extra support will be interviewed at enrolment to ensure any required adjustments are included in a learner Support Plan.

## **SUBMISSION OF ASSESSMENTS**

Assessments must be finished or handed in on time as per the Assessment Schedule you will be given at the start of your training. Extensions to assessment deadlines must be requested in writing to your assessor and it is at their discretion if extra time will be allowed.

## **AUTHENTICITY OF WORK**

When you submit the online assignment for assessment you will declare that it is all your own work and has not been copied from other sources.

## **ASSESSMENT APPEALS PROCEDURE**

For information on how to appeal and assessment decisions refer to the Complaints and Appeals Policy included in this Handbook.

## RECOGNITION OF PRIOR LEARNING (RPL)

RPL is the process by which your existing skills, knowledge and experience are recognised towards the achievement of a qualification. These skills may have been obtained through: Training programs; work experience; voluntary work; school work, life or sporting experience.

RPL can only be granted at the unit level, that is you cannot apply for RPL for part of a unit.

If you apply for Recognition and are successful it can save you time in achieving a qualification as you do not have to repeat learning for skills and knowledge you already have.

All learners are entitled to apply for Recognition of previously learnt skills and knowledge. To be awarded RPL you must provide evidence of when and how that competency was acquired.

To ensure that we assess your application for RPL in a consistent and fair manner we have developed the following process:

1. If you feel you want to apply for RPL, contact our office; we will explain the initial application process and send you out an RPL Application Form.
2. When we receive the completed RPL Application Form, we will arrange for you to meet with the assessor to discuss your application and make sure you understand the evidence collecting process. At this stage you will be given an RPL Assessment Kit.
3. We will schedule further meetings to assess the evidence you have provided
4. When all the evidence has been submitted the assessor will decide if you are competent in all aspects of the unit(s).
5. If yes: Statements of Attainments are issued for the units achieved or a Certificate is issued if you have achieved competence in all units in a Qualification.
6. If no: a meeting will be arranged with the assessor to explain areas requiring further evidence or training.

## CREDIT TRANSFER (CT)

*Fluid First Aid* recognises the training you have successfully completed with other RTO's (or previously by us) and can apply credit to units on provision of Certificates or Statements of Attainment.

Our Credit Transfer Process is as follows:

1. Any learner is entitled to apply for credit transfer in a course or qualification in which they are currently enrolled.

2. You will be required to complete the Credit Transfer Application Form and present it to us with your Statement(s) of Attainment or Certificate. You will be asked to submit originals for copying and endorsement by our staff or copies which are certified as true copies of the original by a Justice of the Peace (or equivalent).
3. You can apply for Credit Transfer at any time but we encourage you to apply before commencing a training program. This will reduce unnecessary training and ensure a reduction in your learner fee if Credit Transfer is awarded.
4. Credit transfer can only be awarded for whole units of competence. You cannot enrol in a training program only for credit transfer.

## PROCEDURE

We will ensure that the Complaints and Appeals Process is accessible, transparent, fair and equitable and that any complaint or appeal is treated in a timely manner as follows.

Confidentiality is maintained throughout the processes outlined below.

## THE COMPLAINTS PROCESS

1. Learners are encouraged in the first instance to talk to the person involved; this might be the Trainer/Assessor, member of staff or another learner. The Trainer/Assessor will make notes of the concern and follow up with the relevant staff member.
2. If the problem continues or is not easy to resolve informally a meeting with the <Insert Position Title> is arranged. This meeting can be face to face or by phone and learners can elect to have a representative present. A record of the meeting is kept including the grievance and the agreed proposed solution. Any investigation of matters raised is followed up and a response made within an agreed time-frame. Both parties are to sign this record of the meeting.
3. If the learner is not satisfied with the above actions a written grievance can be made. A Complaints Form is available in the learner Handbook or on the website. In this instance, the complaint will be handled by the Director/CEO/Appointed panel of three members.
4. If the matter is still unresolved, an independent mediation body will be assigned to examine the matter. This party will be independent of the RTO and the complainant or appellant and their selection will be managed by the Director/CEO with the mutual agreement of the complainant. The written decision of this body will be final and will be made within 60

days of the complaint first being submitted. If the 60 day target cannot be met the complainant will be informed in writing giving reasons why more time is required and will then be given regular updates on the progress of the matter.

## COMPLAINTS AND APPEALS FORMS

The Complaints and Appeals Forms are available at the end of this Handbook and on our website.

## THE ASSESSMENT APPEALS PROCESS

*Fluid First Aid* will consider all appeals against assessment decisions as documented below.

- Learners are encouraged in the first instance to talk to the assessor who made the assessment decision within one week of receiving the result. Learners are entitled to two attempts at assessment so in most cases the matter can be resolved by the Assessor providing feedback and a resubmission or reattempt organised at a mutually convenient time.
- If the outcome is not resolved, then the assessment will be remarked by another, fully qualified, Assessor. This should be completed within 14 days of receiving the appeal.
- If the learner is still not satisfied with the assessment outcome, the appeal should be put in writing within 7 days using the Appeals Form which is available in the learner Handbook and on the website.
- On receipt of the Appeal Form a meeting with the RTO Manager is arranged. This meeting can be face to face or by phone and learners can elect to have a representative present. A record of the meeting is kept including the reasons for appeal and the agreed proposed solution. Any investigation of matters raised is followed up and a response made within an agreed time-frame. Both parties are to sign this record of the meeting.
- If the matter is still unresolved, a mutually agreed, independent mediation body will be assigned to examine the matter. The written decision of this body will be final and will be made within 60 days of the Complaint first being submitted. If the 60 day target cannot be met the applicant will be informed in writing giving reasons why more time is required and will then be given regular updates on the progress of the matter.
